

ABOUT US

Luna & Larry's Coconut Bliss is dedicated to creating unique and exquisitely delicious desserts, consciously prepared from the most nutritious and wholesome organic ingredients available.

Anyone can enjoy Coconut Bliss, even those with dietary restrictions. These include lactose intolerance, gluten intolerance and vegans, as well as gourmet connoisseurs looking for quality in all they consume.

While its natural richness creates a creamy texture that people love, the fat in coconut milk is very different from other fats. High in medium-chain fatty acids, coconut milk has heart-protective properties and even promotes healthy digestion! Sweetening with agave instead of refined sugars makes Coconut Bliss a low-glycemic treat that satisfies the sweet tooth in all of us.

Coconut Bliss can be scooped and eaten alone, in a cone, or a la mode. Try it in smoothies, milkshakes and floats.
